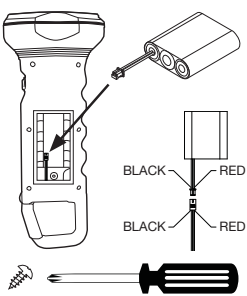
Features

- Durable, shock resistant solar panel never needs replacing and recharges the flashlight for up to 4 hours of bright, Natural Spectrum Daylight illumination.
- Environmentally friendly, rechargeable NiMH battery pack eliminates the need to purchase and dispose of expensive batteries.
- Super-bright LED bulbs provide more than 2.5X the light output of conventional flashlights.
- Night Glow Strip around the lens allows you to find your ReadyLight™, even in total darkness.
- Rugged ABS body and water resistant design provides protection from drops or water damage.
- Carabiner-style hook attaches easily to backpacks or belt loops.

Installing and Charging the Battery

Installing the ReadyLight Battery



1. Using a Philips head screwdriver, unscrew the battery compartment door on the side of the ReadyLight and carefully remove the side panel.
2. Locate the connector on the battery and locate the connector in the battery compartment.
3. Push the two halves of the connector together. Ensure that the connector is oriented properly, otherwise the ReadyLight will fail to operate and damage to the flashlight may occur.
4. Insert the battery pack into the flashlight.
5. Attach the battery compartment panel and tighten the screw securely. Do not over tighten the screw.

Replacing the ReadyLight Battery

1. Use a Philips head screwdriver to unscrew the battery compartment door on the side of the ReadyLight and carefully remove the side panel.
2. Locate the connector to the battery. While holding both sides of the connector, carefully pull them apart.
3. Repeat the installation steps above to insert a new battery.

When replacing batteries, please ensure that you use only a Verilux® ReadyLight Replaceable Battery Pack.

To charge the battery pack, place the ReadyLight in an area with direct sunlight. Unit will be fully charged after 10 hours, but you may use the flashlight at anytime.

This product contains NiMH batteries. Do not discard in the garbage. Dispose of in accordance with all applicable federal, state and local regulations. To find a recycling location, please go to http://www.call2recycle.org/.
